

# ASCE HOUSTON BRANCH PARTICIPATES IN UH RESUME FAIR

ASCE members volunteered at the University of Houston Spring 2015 Resume Fair hosted by The Cullen College of Engineering in February. ASCE volunteers reviewed the civil engineering students' resumes for format, consistency, subjectivity, grammar and spelling. The objective of this event was to help students' with resumes on a personal basis and provide advice on job interviews. The event also provided UH students with networking opportunity with the engineers.
