

## PANELIST INFORMATION

**Connie Curtis, P.E.**

*Director of Technical and Operational Services*

Connie is the Director of Technical and Operational Services at the San Jacinto River Authority. After graduating from Texas A&M with her bachelor's degree in civil engineering, Connie worked for 16 years at Kimley-Horn and Associates, Inc. in Dallas and Houston with a primary focus on water and wastewater infrastructure design. After helping to build the Kimley-Horn water practice in Houston, Connie joined SJRA in November 2022 starting the next chapter of her career working directly for the Owner and overseeing the engineering, construction, GIS, SCADA, I&C, and IT groups at SJRA. For professional organizations, Connie has served as the SE Section WEAT President and is the Member at Large for WEAT Statewide as well as the Membership Committee Co-Chair. Connie is also involved in Texas Water Association as a Board member and Chair of the Membership and Services Committee.”
